

# Analytical Balance

ASPB-501H

## Features:

- ✓ High precision load cell
- ✓ Full plastic housing
- ✓ Stainless steel pan
- ✓ Easy to read LCD with backlight
- ✓ Full capacity taring
- ✓ Lock/Unlock battery switch
- ✓ Intelligent External calibration
- ✓ RS232C Interface
- ✓ Counting Weighing mode
- ✓ 4-6 sec Response time
- ✓ Dimensions (LXWXH)  
280 X 190 X 270 mm

Model	Capacity	Readability	Repeatability	Linearity	Pan Size	Min. Capacity
ASPB-501H	510 gm	1 mg	1 mg	±2 mg	110 mm dia	10 mg

**Applications :** Pharmaceutical formulation, quality control testing, chemical and research laboratories, food and beverage analysis, educational and R&D institutions, environmental and material testing, for Jewellery Shops
